

LOUISVILLE TENNIS CLUB ADULT CLINICS SUMMER 2019

We've got a place for every skill level!

LTC's adult program provides instruction for every skill level from the beginner to the advanced competitor. During summer, we offer instructional adult clinics which run in 5-week sessions, as well as Fast Feed Clinics which meet on a week-to-week basis.

BEGINNER/LEARN TO PLAY CLINICS

These clinics introduce the new player to the game. Learn-to-play classes emphasize basic stroke technique, footwork skills and scoring to get players playing and enjoying tennis as soon as possible. Racquets for clinic use are available if needed. *\$50 members/\$60 non-members (per 5-week session).*

ADVANCED BEGINNER CLINICS

These clinics are for players who have completed the Beginner/Learn to Play Clinic or have some playing experience. Clinics continue to teach proper stroke technique, footwork, and fundamentals, including court positioning and placement. *\$80 members/\$90 non-members (per 5-week session).*

INTERMEDIATE CLINICS

These clinics continue to teach proper stroke technique in a more competitive environment. Players will be introduced to specialty shots such as lobs, drop shots, top spins, and slices. More advanced strategy will be introduced through drilling in actual match play situations. *\$80 members/\$90 non-members (per 5-week session).*

FAST FEED CLINICS

Fast Feed Clinics provide a more intense cardiovascular workout. Participants will run through both doubles and singles "live-ball" drills simulating actual match play situations. Fast Feed Clinics are not designed to focus on individual stroke technique. Clinics are open, weekly workouts available on a "pay as you go" basis. *\$17 member/\$22 non-member (per clinic).*
